REMARKS

Upon entry of this amendment, claims 6-10 will be pending in this application. Applicant has canceled claims 1-4 and has added claim 10 above.

Claims 6-9 were rejected by the Office under 35 U.S.C. § 102(b) or 103(a) in view of Kimura either by itself or in combination with French. Applicant asks the Office to reconsider this application and allow all of the claims.

Neither Kimura nor French, either alone or in combination, shows a cabinet having at least two openings in its exterior surfaces – “a first opening” formed in the door to allow air “to enter the cabinet through one of its exterior surfaces,” and “a second opening” positioned to allow air “to enter the cabinet through another of its exterior surfaces,” as claimed. Accordingly, all of the claims are patentable over these references.
